

I'm lost in the light

## Fill in the gaps

| I (1)  | for the night |                    |  |  |
|--|---------------|--------------------|--|--|
| To take me, to take you too                  |               |                    |  |  |
| After so many words                          |               |                    |  |  |
| Still nothing's heard                        |               |                    |  |  |
| Don't know what we should do                 |               |                    |  |  |
| So if someone could see me now               |               |                    |  |  |
| Let them see you                             |               |                    |  |  |
| It was my greatest thrill                    |               |                    |  |  |
| When we (2                                   | ) stood       | still              |  |  |
| You let me hold your hand 'til I had my fill |               |                    |  |  |
| Even counting sheep                          |               |                    |  |  |
| Don't help me sleep                          |               |                    |  |  |
| I just toss and turn right there beside ya   |               |                    |  |  |
| So if someone could help me now              |               |                    |  |  |
| They'd help                                  | you too       |                    |  |  |
| They'd (3)_                                  | you too       |                    |  |  |
| See you thro                                 | ough          |                    |  |  |
| All the hard                                 | (4)           | we've all gotta do |  |  |
| 'Cause this li                               | fe is long    |                    |  |  |

| So you wouldn't be wrong                     |             |         |  |  |
|--|-------------|---------|--|--|
| Being free, leaving me on                    | my own      |         |  |  |
|  |             |         |  |  |
| And I held my own                            |             |         |  |  |
| Still I (5)                                  | your bones  |         |  |  |
| I (6) some awful things and I take them back |             |         |  |  |
| If we would try again                        |             |         |  |  |
| Just (7)                                     | when        |         |  |  |
| Before we were lovers I sv                   | vear we (8) | friends |  |  |
| So if someone could see r                    | ne now      |         |  |  |
| Let them see you                             |             |         |  |  |
| Let them see you                             |             |         |  |  |
| See you through                              |             |         |  |  |
| All the hard things we've a                  | II (9)      | do      |  |  |
| 'Cause (10) life                             | is long     |         |  |  |
| So you wouldn't be wrong                     |             |         |  |  |
| Being free, leaving me on my own             |             |         |  |  |
