## Fill in the gaps

## Across The Universe Of Time (Live) by Hayley Westenra

When the sea falls from the shore
As the light sinks low, will I see you any more?
As the rain (1) from the sky
Can I bring you back, from a distant lullaby?
Show me your vision, the story begun
Two (2) are rising and burning as one
In the deep blue of the night
Shine the millions of stars and my spirit burning bright
Spinning on, into the sun
Flying higher now my journey's begun
And the cold, (3) wind, it (4) me away
The feeling all (5) is a black, black day
But I know (6) I'll see you again
And I know that you're near me
And I know that you're near me
There's a star, (7) my name
•
There's a star, (7) my name
There's a star, (7) my name  It's echo is true and the song is not the same
There's a star, (7) my name  It's echo is true and the song is not the same  Take my hand and lead me away
There's a star, (7) my name  It's echo is true and the song is not the same  Take my hand and lead me away  Bring me (8) to you in your arms I'm going to stay
There's a star, (7) my name  It's echo is true and the song is not the same  Take my hand and lead me away  Bring me (8) to you in your arms I'm going to stay  Tell me your vision, the story begun
There's a star, (7) my name  It's echo is true and the song is not the same  Take my hand and lead me away  Bring me (8) to you in your arms I'm going to stay  Tell me your vision, the story begun  Two lights are rising and (9) as one
There's a star, (7) my name  It's echo is true and the song is not the same  Take my hand and lead me away  Bring me (8) to you in your arms I'm going to stay  Tell me your vision, the story begun  Two lights are rising and (9) as one  All those years drifting in space
There's a star, (7) my name  It's echo is true and the song is not the same  Take my hand and lead me away  Bring me (8) to you in your arms I'm going to stay  Tell me your vision, the story begun  Two lights are rising and (9) as one  All those years drifting in space  I have known you well, yet I've never seen your face
There's a star, (7) my name  It's echo is true and the song is not the same  Take my hand and lead me away  Bring me (8) to you in your arms I'm going to stay  Tell me your vision, the story begun  Two lights are rising and (9) as one  All those years drifting in space  I have known you well, yet I've never seen your face  You turn around, looking at me
There's a star, (7) my name  It's echo is true and the song is not the same  Take my hand and lead me away  Bring me (8) to you in your arms I'm going to stay  Tell me your vision, the story begun  Two lights are rising and (9) as one  All those years drifting in space  I have known you well, yet I've never seen your face  You turn around, looking at me  Laughter in your eyes and now I can see

And I know that you're near me
