I'm one (3)_____ sober
I don't think I'm getting over my predicament
But if I jumped out of the window what would she say?
It's not on me, it's all on you
We can't deny the things we do
I can't believe her pretty feet
Walked over me, all over me
Help me, help me doctor
It seems to be an awful lot for me to understand
I know I'm not a specimen
The troubles and the mess I'm in
I should be dead
He said, let's all think
Then you've had all (4)_____ fun
It's time to be a man
So you better quit your bitc*ing
Think about what the people would say
It's not on me, it's all on you

He walked over me, all over me
Wait until tomorrow, and it's gone
So long

Wait until tomorrow
You beg and (6)_____ and borrow till it's gone
-He don't got a lot but he's got all he needs-
I need someone to love
-And all he's got well it's all that he needs-
Somebody help me because

To get me through anything
I do and anything will do good by me
A little pill, a little thrill
Should I take it? I think I will
And anything will do good so
As long as it's always too good
Either way I don't give a d*mn
(7)_____ you people all say
All now boy
It's not on me, it's all on you
