

Fill in the gaps

The Big Bang Theory by Barenaked Ladies

Our whole universe was in a hot dense state,
Then nearly fourteen billion years ago expansion started.
Wait...
The Earth began to cool,
The autotrophs began to drool,
Neanderthals developed tools,
We built a wall (we built the pyramids),
Math, science, history, unraveling the mysteries,
That all started with the big bang!
"Since the (1)_____ of man" is really not that long,
As every galaxy was formed in less time (2)_____ it
takes to sing this song.
A fraction of a second and the elements were made.
The bipeds stood up straight,
The (3)_____ all met their fate,
They tried to leap but they were late
And they all died (they froze their asses off)
The oceans and pangea

See ya wouldn't wanna be ya
Set in motion by the same big bang!
It all started with the big BANG!
It's (4)_____ ever outward but one day
It (5)_____ (6)_____ (7)_____ start to go the
other way,
Collapsing ever inward, we won't be here, it won't be hurt
Our best and brightest figure that it'll make an even bigger
bang!
Australopithecus would really have been sick of us
Debating why were here they're catching deer (we're catching
viruses)
Religion or astronomy, Encarta, Deuteronomy
It all started with the big bang!
Music and mythology, Einstein and astrology
It all started (8)_____ the big bang!
It all started (9)_____ the big BANG!

Answer

1. dawn
2. than
3. dinosaurs
4. expanding
5. will
6. pause
7. then
8. with
9. with
