

Fill in the gaps

Thursday night, everything's fine		And I know (13) I should let go, but I can't
Except you've got (1)	(2) in your eye	And every time we fight I (14) it's not right
When I'm (3)	a story, and you find it boring	Every time that you're (15) and I smile
You're (4)	of something to say	I know I should forget, but I can't
You'll go along with it, then drop it		Your face is pastey
And humiliate me in front of our friends		'Cause you've gone and got so wasted
Then I'll use that voice that you find annoying		What a surprise
And say something like,		Don't want to look at (16) face, 'cause it's
"Yeah, intelligent input, darling.		(17) me sick
Why don't you just have another (5) then?"		You've gone and got sick on my trainers
Then you'll call me a bitch		I (18) got these yesterday
And everyone we're with will be embarrassed		Oh my gosh, I cannot be (19) with this
And I won't give a shit		Well, I'll leave you there 'till the morning
My fingertips are holding onto		And I purposely won't turn the heating on
The cracks in our foundation		And dear God, I hope I'm not stuck with this one
And I know that I should let go, but I can't		My (20) are holding onto
And every time we fight I (6) it's not right		The cracks in our foundation
Every time that you're upset and I smile		And I know (21) I (22) let go, but
I (7) I (8)	forget, but I can't	can't
You (9) I must eat so many lemons		And every time we fight I know it's not right
'Cause I am so bitter		Every time (23) you're upset and I smile
I said, "I'd rather be with (10) friends, mate,		I know I should forget, but I can't
'Cause they are much fitter."		And (24) time we fight I know it's not right
Yes, it was childish		Every time that you're upset and I smile
And you got aggressive		I know I (25) forget, but I can't
And I (11) admit that I was a bit scared		And (26) time we (27) I know it's
But it gives me thrills to wind you up		not right
My (12)	are holding onto	Every time that you're upset and I smile
The cracks in our foundation		I know I should forget, but I can't
