

Fill in the gaps

Sleeping In The Fire by Wasp

Touch, touch in the flame's desires

Feeling the pain's denial,

And your fingers in the fire

Look, look in the candle light

See in the flame of life

And my spell is our lie

[Chorus:]

Taste the love

The Lucifer's magic that makes you numb

The (1)_____ and all the pain are one

You're (2)_____ in the fire

Taste the love

The Lucifer's magic (3)_____ makes you numb

You feel what it does and you're (4)_____ on love

You're sleeping in the fire

I gaze at the (5)_____ and fire burn

And cry out the name of (6)_____ I yearn

[Chorus]

Taste the love

The Lucifer's (7)_____ that (8)_____ you numb

The (9)_____ and all the pain are one

You're sleeping in the (10)_____
