| I, I miss you                                       |                                 |     |         |  |
|---|---------------------------------|-----|---------|--|
| I'm a lightning bug trying to fight the sun         |                                 |     |         |  |
| And I, I lost you                                   |                                 |     |         |  |
| To a satellite in the midnight sky                  |                                 |     |         |  |
| You said it yourself you won't fool us twice        |                                 |     |         |  |
| So why the (1)                                      | have you been flying by? (yeah) |     |         |  |
| You (2)   | (3)                             | (4) | tonight |  |
| alone   |                                 |     |         |  |
| You're gonna find you're falling                    |                                 |     |         |  |
| And you're falling on (5)                           |                                 | own |         |  |
| You better come back tonight, alone                 |                                 |     |         |  |
| You're gonna find you're falling                    |                                 |     |         |  |
| And you're falling on your own                      |                                 |     |         |  |
| You and I, we are everything but perfect            |                                 |     |         |  |
| But there's no way to learn this                    |                                 |     |         |  |
| Without making our mistakes                         |                                 |     |         |  |
| Somehow I let you slip away (oh)                    |                                 |     |         |  |
| There is (6) I believe in (7) than                  |                                 |     |         |  |
| us  |                                 |     |         |  |
| You left me nothing and it's all I've left to trust |                                 |     |         |  |
| I'm at the edge and turning round, alone            |                                 |     |         |  |
| So, you better come back tonight, alone             |                                 |     |         |  |
| You're gonna find you're falling                    |                                 |     |         |  |
|   |                                 |     |         |  |

| And you're falling on your own              |  |  |  |
|---|--|--|--|
| You better come back tonight, alone         |  |  |  |
| You're gonna find you're falling            |  |  |  |
| And you're falling on (8) own               |  |  |  |
| I tried to (9) the bridge to bring you here |  |  |  |
| So (10) of us being up in the air           |  |  |  |
| Nothing is real without you here with me    |  |  |  |
| You better come back tonight, alone         |  |  |  |
| You're gonna find you're falling            |  |  |  |
| And you're falling on your own              |  |  |  |
| You better come back tonight, alone         |  |  |  |
| You're gonna find you're falling            |  |  |  |
| And you're falling on your own              |  |  |  |
| (You better come back)                      |  |  |  |
| My firefly (come back)                      |  |  |  |

| Come back to me                             |  |  |  |
| Come back                                   |  |  |  |
