

## Fill in the gaps

### American Rejects by The All

<em>-So... (1)\_\_\_\_\_ me about your mother- (en algunas versiones)</em>

</em>Doctor, doctor, could you please just give me something

For the state I'm in?

I'm (2)\_\_\_\_\_ trouble and society believe

I got it wrong again

I'm one month sober

I don't think I'm getting (3)\_\_\_\_\_ my predicament

But if I (4)\_\_\_\_\_ out of the window what would she say?

It's not on me, it's all on you

We can't deny the things we do

I can't believe her pretty feet

Walked (5)\_\_\_\_\_ me, all over me

Help me, help me doctor

It seems to be an (6)\_\_\_\_\_ lot for me to understand

I know I'm not a specimen

The troubles and the (7)\_\_\_\_\_ I'm in

I should be dead

He said, let's all think

Then you've had all your fun

It's (8)\_\_\_\_\_ to be a man

So you (9)\_\_\_\_\_ (10)\_\_\_\_\_ your bitc\*ing

Think about what the people would say

It's not on me, it's all on you

I can't prescribe (11)\_\_\_\_\_ you want me to

You need (12)\_\_\_\_\_ sleep, you better leave

He walked over me, all (13)\_\_\_\_\_ me

Wait until tomorrow, and it's gone

So long

Wait until tomorrow, so long

And it's gone

Wait until tomorrow

You beg and (14)\_\_\_\_\_ and borrow (15)\_\_\_\_\_ it's gone

-He don't got a lot but he's got all he needs-

I (16)\_\_\_\_\_ someone to love

-And all he's got (17)\_\_\_\_\_ it's all (18)\_\_\_\_\_ he needs-

Somebody help me because

I (19)\_\_\_\_\_ hear the voices in the tube

To get me (20)\_\_\_\_\_ anything

I do and anything will do good by me

A little pill, a little thrill

Should I take it? I think I will

And anything will do good so

As long as it's always too good

Either way I don't (21)\_\_\_\_\_ a d\*mn

What you (22)\_\_\_\_\_ all say

All now boy

It's not on me, it's all on you

I can't deny the things I do

I can't believe her (23)\_\_\_\_\_ feet

(24)\_\_\_\_\_ over me, all over me

It's not on me, it's all on you

There comes a (25)\_\_\_\_\_ to speak the truth

So you can see me when I leave

Walk over you, all (26)\_\_\_\_\_ you yeah
