

## Fill in the gaps

Many times I've (1) to tell you	For worse or for better
Many times I've (2) alone	We belong, we belong
Always I'm surprised how well you	We (15) together
Cut my feelings to the bone	Close your (16) and try to sleep now
Don't wanna (3) you really	Close your (17) and try to dream
I've (4) too much time	Clear (18) mind and do (19) best
To (5) you up that easy	To try and (20) the (21) clean
To the doubts (6) (7)	We can't begin to know it
your mind	How much we really care
We belong to the light	I hear (22) voice inside me
We (8) to the thunder	I see your (23) everywhere
We belong to the sound of the words	Still you say
We've (9) fallen under	We belong to the light
Whatever we deny or embrace	We belong to the thunder
For worse or for better	We (24) to the sound of the words
We belong, we belong	We've both fallen under
We belong together	Whatever we (25) or embrace
Maybe it's a (10) of weakness	For worse or for better
When I don't know what to say	We belong, we belong
Maybe I just wouldn't know	We belong together
What to do with my strength anyway	We belong to the light
Have we become a habit	We belong to the thunder
Do we distort the facts	We belong to the (26) of the words
Now there's no (11) forward	We've both fallen under
Now there's no turning back	Whatever we deny or embrace
When you say	For worse or for better
We (12) to the light	We belong, we belong
We belong to the thunder	We belong together
We belong to the (13) of the words	
We've both (14) under	
Whatavar wa dany or ambraca
