Shelter by Birdy

Fill in the gaps

I find shelter, in this way		
Under cover, hide away		
Can you hear when I say		
I have never felt (1)	way?	
Maybe I (2) said		
(3) that was wrong		
Can I (4) it better		
With the lights turned on?		
Maybe I have said		
Something that was wrong		
Can I make it better		
With the lights (5)	_ on?	
Can I be? Was I there?		
It felt so crystal in the air		
I still want to drown (6)		you leave
I still want to drown (6) Please teach me gently how to		you leave
	breathe	you leave
Please teach me gently how to	breathe before	you leave
Please teach me gently how to And I'll cross oceans like never	breathe before too	you leave
Please teach me gently how to And I'll cross oceans like never So you can feel the way I feel it	breathe before too back at you	you leave
Please teach me gently how to And I'll cross oceans like never So you can feel the way I feel it And I'll sing (7)	breathe before too back at you	you leave
Please teach me gently how to And I'll cross oceans like never So you can feel the way I feel it And I'll sing (7) So you can see the way I feel it	breathe before too back at you	you leave
