## Lucidity by Tame Impala

## Fill in the gaps

I know where you went
But I don't (1) how you got there
I know where you went
But I don't know how you got there
Silver (2) hill
Where you talk up what I'd play down
I would speak up
But I wouldn't know what to say
Lucidity, come back to me
Put all five senses back to
Where they're (3) to be
(Oh) it's hard to tell, it breaks down
There is a will (4)
There is a will, (4) is a way
Wondering (5) like spare time (6) it
Wondering (5) like spare time (6) it
Wondering (5) like spare time (6) it  I might suck fizzle or I might just float away
Wondering (5) like spare time (6) it  I might suck fizzle or I might just float away  And we'll go running off tonight
Wondering (5) like spare time (6) it  I might suck fizzle or I might just float away  And we'll go running off tonight  High above
Wondering (5) like spare time (6) it  I might suck fizzle or I might just float away  And we'll go running off tonight  High above  Where we won't even need to reach
Wondering (5) like spare time (6) it  I might suck fizzle or I might just float away  And we'll go running off tonight  High above  Where we won't even need to reach  The sky my love
Wondering (5) like spare time (6) it  I might suck fizzle or I might just float away  And we'll go running off tonight  High above  Where we won't even need to reach  The sky my love  (Oh) there will be a (8) in the air
Wondering (5) like spare time (6) it  I might suck fizzle or I might just float away  And we'll go running off tonight  High above  Where we won't even need to reach  The sky my love  (Oh) there will be a (8) in the air  Nobody (9) be anybody else
Wondering (5) like spare time (6) it  I might suck fizzle or I might just float away  And we'll go running off tonight  High above  Where we won't even need to reach  The sky my love  (Oh) there will be a (8) in the air  Nobody (9) be anybody else  Lucidity, (10) back to me

Tread boldly right down to the lair...

- 1. know
- 2. tongue
- 3. meant
- 4. there
- 5. around
- 6. never
- 7. knew
- 8. change
- 9. will
- 10. come

## Fill in the gaps
