### All This And Heaven Too Good Quality by Florence + The Machine

And the heart is hard to translate  
It has a language of its own  
It talks and turns in quiet sighs  
In prayers and proclamations  
In the grand days of great men  
And the smallest of gestures  
In short shallow gasps  
But with all my education  
I can't seem to command it  
And the words are all escaping  
Coming back all damaged  
And I would put them back in poetry  
If I'd only knew how  
I can't seem to understand it  
I would (1)\_\_\_\_\_ all this and heaven too  
I would give it all if only for a moment  
That I (2)\_\_\_\_\_ just understand  
The meaning of the word you see  
'Cause I've been (3)\_\_\_\_\_ it forever  
But it (4)\_\_\_\_\_ makes sense to me at all  
And it (5)\_\_\_\_\_ to me in tiptoes  
And it sings to me inside  
It cries out in the darkest night  
And breaks in the morning light  
But with all my education  
I can't seem to command it  
And the words are all escaping

Come back all damaged  
I would put them back in poetry  
If I'd only knew how  
I can't seem to understand it  
And I would give all this and heaven too  
I would (6)\_\_\_\_\_ it all if only for a moment  
That I could just understand  
The meaning of the word you see  
'Cause I've been scrawling it forever  
But it never makes sense to me at all  
And I would give all this and heaven too  
I would give it all if only for a moment  
That I could just understand  
The meaning of the word you see  
'Cause I've been scrawling it forever  
But it never (7)\_\_\_\_\_ sense to me at all  
No words are language  
It doesn't (8)\_\_\_\_\_ such treatment  
And all my stumbling phrases never amounted  
To anything worth this feeling  
All this heaven  
Never could describe (9)\_\_\_\_\_ a feeling as I'm in  
Words were never so useful  
So I'm screaming out a language  
That I never (10)\_\_\_\_\_ existed before
