

Fill in the gaps

From walking home and talking loads	And I'll be me
To seeing shows in (1) clothes wi	h you Everything that's broke
From nervous touch and getting drunk	Leave it to the breeze
To staying up and waking up with you	Why don't you be you
But now we're sleeping at the edge	And I'll be me
Holding something we don't need	And I'll be me
All this delusion in our heads	Trying to fit your hand inside of mine
Is gonna bring us to our knees	When we know it just don't belong
So come on let it go	There's no force on earth
Just let it be	Could make me (6) right, no
Why don't you be you	Whoa
And I'll be me	Trying to push (7) problem up the hill
Everything that's broke	When it's just too heavy to hold
Leave it to the breeze	Think now's the (8) to let it slide
Why don't you be you	So come on let it go
And I'll be me	Just let it be
And I'll be me	Why don't you be you
From throwing clothes across the floor	And I'll be me
To (2) and claws and slamming doors	at you Everything that's broke
If (3) is all we're living for	Leave it to the breeze
Why are we doing it, (4) it, doing it any	more Let the ashes fall
I used to recognize myself	Forget (9) me
It's funny how reflections change	Come on let it go
When we're becoming something else	Just let it be
I (5) it's time to walk away	Why don't you be you
So come on let it go	And I'll be me
Just let it be	And I'll be me
Why don't you be you
